June 2008

## Directory of Local Businesses Owned by Your Neighbors

The idea of the “WHHA Green Pages” is simply to give you an opportunity to learn more about who your neighbors are and, when appropriate, to look within your own neighborhood for products and services that your neighbors might be able to supply. Anyone residing in Wornall Homestead Homes Association is invited to list their business. The Wornall Homestead Homes Association, its directors and officers, do not screen, verify, or investigate the listed individuals or businesses in any way nor do they warrant the quality or results of any products or services provided by those persons or businesses listed in the WHHA Green Pages.

## Directory of Home Service Suppliers

### Recommended by Your Neighbors

A good way to learn the names of competent service and maintenance people is to ask friends and neighbors who they use. That's the purpose of this directory. Each listing has the name and number of the supplier listed first. Next, the name and number of the WHHA member who recommended the supplier, then a brief description of the type of work done. Before calling on any of the suppliers, you may want to contact the WHHA member who recommended them. Talk with them about any strengths or weaknesses they may have experienced with regard to the supplier's service. When you call the supplier, let them know that one of your neighbors recommended them. They will appreciate knowing that their services were well received and that their good reputation is generating more business.
